

SATURDAY MORNING CLUB

**Duration:**

12 weeks - On a Saturday from 9am to 12pm.
Starts in January each year

Entry requirements:

None, just an interest in engineering

Overview:

Our free Saturday Morning Club is aimed at Year 10 and 11 students. The course is delivered in our high-tech engineering workshops and is designed to give young people an insight into different areas of engineering. It offers the chance to gain hands-on experience whilst producing engineering activities by using our machinery and other equipment. Call us on 01254 54659 to add your name to the waiting list.

Aim:

- Turning
- Milling
- Fitting
- CNC Machining
- Fabrication
- Welding
- Electrical engineering

Where Can I Study?

Training 2000 Blackburn
