

## SCAFFOLDING APPRENTICESHIP

**Level:**

2

**Duration:**

18 months - 2 week blocks every 4 months

**Entry requirements:**

No formal qualifications are required, but your suitability will be discussed at interview. Due to the job role good physical health is required.

You must show commitment throughout the programme and be happy to work within a team.

Scaffolding Apprentices are required to be employed by a scaffolding company as a Labourer/Trainee Scaffolder throughout the programme.

**Overview:**

You could work with small local companies or on larger sites such as petro chemical or nuclear power station sites.

Once qualified with scaffolder status you could have the opportunity to work off-shore or overseas. Your Apprenticeship will cover safe working practices in construction, erect and dismantle of basic scaffold structures, erect and dismantle Aluminium Mobile Towers, knowledge of building methods and construction technology, safe use of harness and fall prevention methods and manual handling in the scaffolding industry. You will also achieve CISRS scaffolder status and receive a PASMA mobile tower card.

To undertake a qualification in scaffolding you must work well in a team, be able to follow instructions, be a good communicator and work responsibly.

## Assessments:

The Scaffolding Apprenticeship programme is delivered over 18 months. During this time you will be employed within the scaffolding industry as a Scaffold Labourer/Trainee; gaining onsite experience supported by in centre blocks of training.
