INFORMATION FOR EMPLOYERS

Healthcare

Apprenticeships

If you currently employ or are looking to recruit, individuals in health and wellbeing roles such as Community Workers, Care Coordinators, Social Prescribers or Link Workers, your organisation could benefit from Training 2000's Level 3 Community Health and Wellbeing Worker Apprenticeship. Providing learners with the skills and knowledge required to excel in community, health and wellbeing roles, the Level 3 Apprenticeship is taught online, and therefore enables your staff to join remotely.

Our Healthcare Apprenticeship

LEVEL 3 APPRENTICESHIP

Community Health and Wellbeing Worker

Social Prescribing

Duration: 12 months

Commitment: Half a day per week online learning

The apprentice is required to spend at least 6 hours per week completing 'off the job' training. This could include their lessons at Training 2000, online training, industry visits, competitions and shadowing.

Entry requirements:

A minimum of two GCSE at grade 4 (grade C) or above in maths and English is desirable.

Funding your Apprenticeship:

Levy paying employers:	£7,000
Non-levy - 22+ years old: (5% contribution)	£350
Non-levy - 16-21 years old	£0

Topics covered:

Preventative approaches

Use preventative approaches to promote the health and wellbeing of individuals, groups and communities, addressing the wider determinants of health and causes of ill-health

Support health & wellbeing

Help communities to build local resilience and identify strengths, capacity and resources that support their health and wellbeing

Informed advice

Provide informed advice about local services and projects that support health and wellbeing

Referrals

Manage referrals from a range of agencies, professionals and through self-referral

Behavioural science

Apply behavioural science to help people find practical solutions for better health and wellbeing

Strategies and policies

Implement actions set out in strategies and policies that promote health and wellbeing at community level

Communication

Communicate public health messages and information to promote health and wellbeing at an individual, group and community level

Data and information

Manage data and information and contribute to the evaluation of projects and services

Legal and ethical

Operate within legal and ethical frameworks that relate to the promotion and protection of the public's health and wellbeing

Responsibility

Take responsibility for personal and professional development in line with organisational protocol

End-point assessment methods: A multiple-choice test, demonstration of practice and a professional discussion underpinned by a portfolio of evidence
