Traineeships

# Welcome to Training 2000

We have a great reputation for delivering Apprenticeships across many different sectors. We're here to help you gain valuable qualifications, work experience and to get you on the right path to start your chosen career.

We are part of the University of Central Lancashire (UCLan) which means that you can choose to go onto a Degree Apprenticeship.

We have lots of options available to help you find the right career path for you!

## 1 Come along to our Aspiring Clubs

Our Aspiring Clubs are aimed at giving year 10 and 11 a taste of life as an apprentice. We run Aspiring Clubs in many of our sectors, so this is a great starting point to find your perfect career.

Visit [www.training2000.co.uk/aspiring-clubs](http://www.training2000.co.uk/aspiring-clubs) for more information and to book your place(s).

## 2 Apply for our Apprenticeship Preparation Programme

Our Apprenticeship Preparation Programme is a perfect starting point for 16-18 year olds. By the end of the programme you will have the skills, knowledge and work experience to help you be successful on an Apprenticeship.

**Entry requirements:** GCSEs in maths and English at grade 4/3 or above.

# 3

## Start your Apprenticeship

An Apprenticeship is a real job, with hands-on experience, a wage and you learn while you work. You're treated just like all the other employees, with a contract of employment, holiday leave and sick pay.

**Entry requirements:** Each Apprenticeship varies - check your chosen Apprenticeship on our website but English and maths GCSE is needed for every Apprenticeship .

## Accountancy

Our Accountancy Apprenticeships give you practical, internationally recognised finance and accountancy skills that can open doors for you in any industry across the world.

Course name	Level	Duration
Aspiring Accounting Professionals	For year 10/11	3 hour taster
Accounts or Finance Assistant Apprenticeship	Level 2	12 months
Assistant Accountant (AAT) Apprenticeship	Level 3	16 months
Professional Accounting (AAT) Apprenticeship	Level 4	18-24 months

# Business

Relevant to many different occupations, this sector focuses on the areas that keep businesses running efficiently and profitably and keep staff and customers happy.

An Apprenticeship isn't just for people at the start of their career, if you are already working you could upskill in your existing job role.

Course name	Level	Duration
Aspiring Business Professionals	For year 10/11	3 hour taster
Business and Customer Service Apprenticeship Preparation		Up to 20 weeks
Customer Service Practitioner Apprenticeship	Level 2	16 months
Business Administrator Apprenticeship	Level 3	15-18 months
Team Leading / Supervisor Apprenticeship	Level 3	18 months
Operations / Departmental Manager Apprenticeship	Level 5	24 months

## Come to our open evenings!

Our annual open evenings are held in February each year. Visit [www.training2000.co.uk/events](http://www.training2000.co.uk/events) for the dates

# Dental, Optical and Healthcare

By completing a Healthcare Apprenticeship, you'll be joining one of the most respected professions in the country and providing a service that's in great demand. The Healthcare sector is one of the fastest growing industries in the world and Training 2000 is the place to help you start your career.

Course name	Level	Duration
Aspiring Dental Nursing	For year 10/11	3 hour taster
Aspiring Optical and Healthcare Professionals	For year 10/11	3 hour taster
Optical Assistant Apprenticeship	Level 3	18 months
Dental Nursing Apprenticeship Preparation		Up to 20 weeks
Dental Nursing Apprenticeship	Level 3	21 months
Community Health and Wellbeing Worker (Social Prescribing)	Level 3	12 months

# Engineering & Advanced Manufacturing

Engineers work in high-tech, dynamic environments using state-of-the-art equipment. They are inventors, designers and problem solvers – people who make a difference to the way we live. As trained professionals, engineers are well paid and highly respected. Many get top jobs and even run their own companies.

Course name	Level	Duration
Engineering Apprenticeship Preparation		Up to 20 weeks
General Welder Apprenticeship	Level 2	18 months
Machining Technician Apprenticeship	Level 3	Up to 4 years
Mechatronics Maintenance Technician Apprenticeship	Level 3	Up to 4 years
Technical Support Technician Apprenticeship	Level 3	Up to 4 years
Toolmaker and Tool and Die Maintenance Technician Apprenticeship	Level 3	Up to 4 years
Engineering Fitter Apprenticeship	Level 3	Up to 4 years
Metal Fabricator Apprenticeship	Level 3	Up to 4 years

## Are you an aspiring engineer?

Our Aspiring Engineers is designed to give young people an insight into different areas of engineering.

### We'll cover:

- Sheetmetal / welding
- Computer Aided Design (CAD)
- CNC machining
- Electronics and electrical

**When:** Check our website for latest dates and book your place

[www.training2000.co.uk/aspiring-clubs](http://www.training2000.co.uk/aspiring-clubs)

Course name	Level	Duration
Engineering Manufacturing Technician Apprenticeship	Level 4	Up to 4 years
HNC in Electronic / Manufacturing / Operations Engineering	Level 4	2 years
HND in General Engineering	Level 5	1 year

## Fire & Security

Course name	Level	Duration
Fire, Emergency and Security Systems Technician Apprenticeship	Level 3	3 years

# Higher Technical Qualifications (HTQs)

Higher Technical Qualifications (HTQs) are qualifications that have been designed by employers to address technical skills gaps that exist right now!

These skills and these qualifications are currently in-demand and are predicted to be in high-demand in the future. After you have finished, you will be qualified for highly-skilled, highly-paid jobs straight away.

You'll be in full time study, spending your week doing a mixture of theory and practical learning in our engineering workshops. The last 3 months of your HTQ will be a work placement putting everything you have learnt into practice with a real employer.

For more details about the course content, entry requirements and how to apply, visit:  
[www.training2000.co.uk](http://www.training2000.co.uk)

Course name	Level	Duration	Cost
HTQ: HNC in Automation and Control Engineering	Level 4	Full time - 1 year	£7,500*
HTQ: HNC in Mechatronics for England	Level 4	Full time - 1 year	£7,500*

\*funding available via Student Finance England

# Scaffolding

Scaffolders put up and down scaffolding that allow workers to reach the higher levels of buildings safely during construction, cleaning and renovation projects. The work is physically demanding so you need to be fit, have good hand-to-eye co-ordination, good organisation skills and the ability to plan ahead. There is a clear route of career progression within the industry and an experienced scaffolder can travel the world with a sought-after skill set.

Course name	Level	Duration
Scaffolding Apprenticeship	Level 2	19 months

## Interested? Apply now

It's easy to apply, just fill out our application form on our website and our recruitment team will get in touch with you to discuss your options. It will be an informal chat and they will help you find the perfect Apprenticeship (or Apprenticeship Preparation Programme) for you.

[www.training2000.co.uk](http://www.training2000.co.uk)

# Degree Apprenticeships

Training 2000 are part of the University of Central Lancashire meaning that we can offer transitions to a variety of Degree Apprenticeships. Once you have successfully completed your Apprenticeship with Training 2000, we can work with you and your employer to find the right Degree Apprenticeship for your career.

With a Degree Apprenticeship you continue to work while studying and you'll graduate with a Honours Degree or Masters. The big difference is that you'll be earning money rather than getting into debt and gaining experience throughout your studies.

Take a look at the Degree Apprenticeships that UCLan have on offer:
