Scaffolding Apprenticeship

Level 2 Apprenticeship

Scaffolders construct, alter and dismantle scaffolding structures using a variety of scaffolding equipment, tools and methods. They build secure and stable temporary structures where scaffold working platforms can be installed to create a safe working environment for other workers.

Projects vary in size, scale, and duration, and could include domestic refurbishments, new built housing, large scale industrial, commercial properties and challenging locations, like bridges, powerlines, towers and offshore. Scaffolders work outdoors in changeable weather, indoors or both depending on the project.

Duration: 19 months:
2 week blocks every 4 months

Where will I study:
Training 2000, Blackburn

Entry requirements:
A minimum of maths and English GCSEs at Grade 3 (D) or above is essential. You may have to complete your English and Maths Functional Skills depending on your GCSE grades.
Due to the job role good physical health is required.

Professional recognition:
Upon successful completion of the Apprenticeship the Scaffolder will be eligible to apply for a Construction Industry Scaffolders Record Scheme (CISRS) Scaffolder card.
